

who are currently facing high costs due to ObamaCare. Our plan allows patients greater access to affordable care and affordable insurance.

Our next step includes my legislation, H.R. 314. It is the Health Care Choice Act of 2017. What it will do is allow greater access, more choice, and more options by allowing across-State-line purchasing of health insurance. You find the plan that is most suited to you and your family at a price that you can afford.

It is time for us to repeal and replace with good patient-centered options.

PRESIDENT-ELECT DONALD TRUMP'S PROMISE TO BUILD A WALL WITH MEXICO AND MAKE THE MEXICAN GOVERNMENT PAY FOR IT

(Mr. POLIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. POLIS. Mr. Speaker, you might recall, during the campaign, President-elect Donald Trump promised to build a wall with Mexico and, of course, make the Mexican Government pay for it.

Well, now we are hearing that Republicans intend to come to this body, Congress, to spend your hard-earned money and mine, American taxpayer money, to build a wall with Mexico. They are estimating \$10 billion to \$12 billion.

Well, do you know what? In comprehensive immigration reform, which I was proud to support last session, we had over \$40 billion for border security. So apparently Donald Trump is building one-quarter of the wall, all directly with deficit spending.

In comprehensive immigration reform, we not only paid for that border security, not only paid for that \$40 billion and required people who were here illegally to pay fines and register and get right with the law, it actually would reduce the budget deficit by over \$200 billion over 10 years.

So what we have is one-quarter of the wall and deficit spending with Donald Trump. With Democrats, four times the wall and reduce the deficit by \$200 billion.

Mr. Speaker, the choice is obvious.

LAW ENFORCEMENT APPRECIATION DAY

(Mr. LAHOOD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAHOOD. Mr. Speaker, I rise today to commemorate Law Enforcement Appreciation Day, a day we set aside to thank those who risk their lives to protect our communities nationwide.

These men and women are the hidden heroes of our country, and they deserve our respect and our gratitude. When they put on their badge and kiss their

family good-bye each day, these officers have no certainty that they will return home safely. They willingly face that risk to keep the rest of us safe.

This past year, 135 law enforcement officers made the ultimate sacrifice. One of those courageous individuals was our own Officer Scot Fitzgerald, who lost his life serving on duty with the South Jacksonville Police Department, located in my district.

Last night, throughout the Capitol, blue lights were lit to honor our heroes in blue. In my office, we lit our blue candle in remembrance of fallen Officer Scot Fitzgerald.

In 2016, more officers lost their lives on duty than in any of the previous 5 years. Let us show our admiration and appreciation to the sworn law enforcement officers across the State of Illinois and the 900,000 who serve and face danger in the United States every day. Not just this week, but throughout the year, we need to honor our law enforcement officials.

PAYING TRIBUTE TO JUDGE BRUCE MOSIER

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Mr. Speaker, I sadly rise today to pay tribute to Judge Bruce Mosier, who lost his life yesterday; to his lovely and beautiful wife, Diane; beautiful daughter; and extended family.

The whole of Harris County in Texas loved and respected Judge Bruce Mosier. Oh, he was a strong and vibrant Democrat, but he was a man that, whenever you called upon him, he would serve. He loved the law, practiced, and continued to represent individuals, many of whom could not help themselves. And, of course, he stood by his wife's side, championing every effort she made to empower people to vote. He was a stalwart in the last Presidential election. He continued to encourage and support all of us to do what is right and to ensure the rights of all people to vote.

Judge Bruce Mosier served his neighborhood, served his county, served his State, and served this Nation. I will miss Judge Mosier. I will miss his friendly smile and his kindness, his willingness to help those who were just starting in their political or legal career, his willingness to lift up this country and to be the kind of American that always had an open mind to anyone, no matter how different they might be.

So today, my dear friend, Judge Bruce Mosier, may you rest in peace.

Diane, we will continue to love you and honor his legacy, work with you to continue his dreams and aspirations, and encourage those in this Nation, our county, and our State to be participatory participants in the wonderment of democracy in this Nation that is, that was, Judge Bruce Mosier.

REPEAL OBAMACARE

(Mr. OLSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. OLSON. Mr. Speaker, on November 8, the American people gave my party control of the entire Congress and the White House because of the promise-breaking, job-killing law known as ObamaCare—the craziest thing in the whole world, according to President Bill Clinton. The fearmongers on the other side are telling Americans they will lose their health care in a snap. They should talk to Martha.

Martha is a self-employed CPA who developed a nasty leukemia a couple of years ago. She was told to get ready for the end of her life. A miracle happened. Experimental treatment reduced her cancer from grade III to grade I. The drugs to save her life cost \$15,000 per month. On October 20, because of ObamaCare, she was told that she had to pay 50 percent of that cost instead of 30 percent. That is tough for her to afford.

Martha got to hold her fifth grandkid this past summer. House Republicans want her to hold her sixth and seventh grandkid in the future. We have our orders to repeal ObamaCare. It is time to go to work.

ELK COUNTY CATHOLIC STUDENTS PERFORM AT PEARL HARBOR

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize seven Elk County Catholic High School band students who performed on December 7 at Pearl Harbor, Hawaii, for the 75th anniversary of the tragic attacks that brought the United States into World War II. This anniversary marks one of the major milestones, which may be one of the few opportunities for survivors of the attacks to participate.

Elk County Catholic represented the Commonwealth, alongside the survivors of the USS Pennsylvania, one of the eight battleships in Pearl Harbor on that fateful day in 1941.

I am so proud of how the students paid tribute to World War II veterans who served at Pearl Harbor and all of the military men and women that fought for our Nation.

This event was especially close to the heart of baritone saxophone player, Luke Ferragine, whose grandfather is a World War II veteran. Also performing in the honor band was Emily Miller, Kendra Smithbauer, Holly Kim, Andrew Wingard, Simon Glatt, and Nathan Schlosser. Congratulations to each of them.
